

AI RFP Digest Menu of Services

Prepared for St. Moritz Security Services, Inc.

Prepared: February 25, 2026

1) NDA + Security Scoping

Outcome: legal coverage and implementation guardrails.

- Mutual NDA execution support and scope alignment.
- Data handling map for intake, storage, retention, and deletion.
- Role-based access model and audit trail requirements.
- Security constraints captured for pilot and production.

2) RFP Ingestion Pipeline

Outcome: reliable intake of all solicitation artifacts.

- Intake from PDF, Word, email exports, and attachments.
- OCR processing for scanned documents as needed.
- Structured parsing into requirements, dates, and sections.
- Version tracking across amendments and Q&A releases.

3) AI RFP Digest Engine

Outcome: decision-ready summary in hours, not days.

- Executive summary for effort, risk, and bid posture.
- Requirements matrix with owner and due-date mapping.
- Risk and gap log across compliance, staffing, and technical areas.
- Win-theme extraction and response strategy prompts.

4) Interactive Q&A Copilot

Outcome: searchable intelligence across the full corpus.

- Natural-language Q&A over RFP package and addenda.
- Evidence-linked answers with source references.
- Role-tailored views for sales, legal, operations, and finance.
- Prompt guardrails to enforce citation-backed outputs.

5) Deployment + Compliance Options

Outcome: secure architecture aligned to client policy.

- Client-side deployment options: on-prem, private cloud, or VPC.
- Identity and access integration planning.
- Retention, logging, and governance control configuration.
- Security addendum support for procurement/legal review.

6) Pilot to Production Delivery

Outcome: low-risk rollout with measurable value.

- 2-week pilot on live or recent RFP documents.
- Weekly checkpoint cadence with stakeholder readouts.
- KPI tracking: time-to-digest, review effort, and risk detection.
- Production hardening plan and ownership transition.

Commercial Structure

- Business Retainer (monthly): **\$6,000**.
- Diagnostic Engagement (fixed fee): **\$5,500** per RFP cycle.
- Optional Light Advisory Retainer: **\$2,500** per month.
- 2-week pilot: **\$5,500** after scoping confirmation.
- Capacity intentionally capped to preserve delivery quality.
- Post-pilot: monthly managed service or project-based expansion.
