PERSONAL STATEMENT

Proposal management leader and consultant with more than 11 years of experience across healthcare, insurance, federal, commercial, and facilities-services pursuits. Known for building governance where capture or proposal discipline is missing, leading cross-functional teams without formal authority, and converting high-pressure bids into reusable operating models. Current work through Boss Key LLC focuses on business-development acceleration, workflow improvement, and AI-enabled proposal operations.

PROFESSIONAL EXPERIENCE

Boss Key LLC - Founder, Business Development Acceleration and Executive Coaching - February 2026 to Present

- Lead operational improvement engagements for service businesses focused on speed, quality, and profitability.
- Build practical workflow and automation solutions tied to measurable delivery improvement.
- Develop AI-enabled proposal and capture operating models for consulting clients.

The Facilities Group - Senior Manager of Proposals - April 2024 to February 2026

- Designed and enforced enterprise proposal operating models across a multi-brand portfolio.
- Led the Detroit Public Schools recompile for RNA, coordinating about 15 stakeholders, reaching 2 finalist presentations, and creating content reused on about 12 later school bids.
- Standardized decision authority, compressed cycle time, and improved executive confidence in the proposal function.

SBM Management Services, LP - Proposal Manager - October 2021 to April 2024

- Produced more than 200 compliant proposals in collaboration with sales, finance, and operations teams.
- Implemented a personal quality-control approach that reduced the need for post-submission clarification.
- Mentored newer team members and reinforced proposal-development standards.

Kellermeyer Bergensons Services, LLC - Senior Proposal Coordinator - October 2020 to September 2021

- Guided proposal development from kickoff through submission with sales, finance, and operations stakeholders.
- Built a marketing content repository that improved reuse and bid consistency.
- Strengthened stakeholder partnership across business-development and delivery teams.

Broadspire - RFP Developer - April 2019 to August 2020

- Managed healthcare-related RFP responses for third-party administrator services on pursuits over \$1M.
- Developed standard language and branding resources in Qvidian.
- Provided consultative proposal support to sales teams.

Blackstone Federal - Proposal Specialist - May 2018 to April 2019

- Supported federal proposal efforts including a Department of Homeland Security BPA pursuit valued up to \$265M.
- Managed Shipley color-team reviews, compliance matrices, annotated outlines, and SME coordination.

Deloitte Consulting - Proposal Writer - September 2017 to May 2018

- Led proposal development for private-sector opportunities valued at \$25M+.
- Drafted and coordinated pursuit content using vetted firm information and repository assets.

Broadspire - RFP Developer - April 2016 to September 2017

- Helped launch a new disability-insurance product category while drafting RFP responses.
- Built a proposal content library with more than 1,600 entries to improve efficiency and reuse.

Aetna, a CVS Health Company - Proposal Writer - September 8, 2014 to April 2016

- Began proposal-management career supporting life and disability group insurance proposals.
- Worked with project managers and operations teams to tailor responses and strengthen sales strategy.

PUBLICATIONS

Thought-leadership articles on government capture and AI-enabled proposal operations are planned for the Boss Key LLC website.

ABOUT ME

I am most effective in complex proposal environments where teams need structure, clear communication, and fast translation of live business input into compliant client-facing material. My background in English, proposal strategy, and workflow design supports a facilitative leadership style that balances quality, speed, and stakeholder confidence.
